Welcome to ZE Design Studio Collection, led by Zion Ezri, a visionary creator deeply immersed in the dynamic world of art and design. Born in the tapestry of Jerusalem in 1971, Zion's artistic journey began with a profound fascination for Old Hebrew letters, and the influential works of artists like Roy Lichtenstein, Alexander Calder, Jean-Michel Basquiat, David Gerstein, and the avant-garde Bauhaus movement.

Living in the cultural hubs of London and New York City, Zion was captivated by their vibrant artistic pulse, fuelling his passion for creativity. During the pandemic, his inner artist flourished, birthing a new collection that showcases his unique language through pieces like funky totems, Street Art Robots, Mask figures, and more. These artworks boast a distinctive blend of materials—wood, metal, acrylic colours, and recycled elements—all brought to life with a vibrant rainbow palette.

Despite his artistic creativity, Zion's academic achievements are noteworthy, holding a BA in business from NYC and a Master of Law. However, for Zion, these accomplishments served as a launchpad for his bold venture in establishing a new design and art brand.
